Dear Sir/Madam,

I hope this letter finds you well.

I am writing to inform you that I will be completing the final subject of my Civil Engineering course here in Angola, where I am currently residing. As I will not be traveling to South Africa during my period of studies, I kindly ask that you consider this as confirmation of my intent to complete the necessary academic requirements from my current location.

Please do not hesitate to reach out should you need any additional information or clarification regarding my studies.

Thank you for your understanding and support.

Yours sincerely,

Suzana Junior
